Veteran author and backcountry explorer Erik Molvar discovered backpacking while working on a volunteer trails crew in the North Cascades of Washington. He is the author of more than a dozen FalconGuides for such places as Glacier National Park, the Bob Marshall Wilderness, Olympic National Park, Zion and Bryce Canyon National Park, as well as Colorado's Maroon Bells-Snowmass Wilderness.

Excellent map of Olympic NP. I used it as reference to plan my visit. It is very detailed and easy to read and use. The book provides detailed descriptions of the trails in the park and how to get to them as well as the attractions to find in each trail.

A pretty simple little book doesn't have the elevation chart which is included in the bigger falcon books. However will easily fit in your pocket as a reference while hiking. The map is nice, the non tear waterproof type.

great info in the hiking guide.

I wanted more pictures.

I needed a full size map of ONP to hang on the wall while doing research. This map only has half the park on one side and the other half on the opposite side. It doesn't say that anywhere in the description. So for me, this order was a waste of money but I'm sure others may find better use.

great
