## Customer Reviews

Good book for the beginner.

It's not in the title, and difficult to see in the picture, but this is the version of the book that has full piano accompaniment, so it is much harder for the horn player than the true 'solo' book. Somehow I ended up ordering this one, thinking I was getting the other. Pieces are pretty easy for my 2nd year, serious Jr. High horn player.

SINDY very love it , very recommend . Great product. Feels good in the hand. very good . just fine,
