## Customer Reviews

They really need to print an updated version and make it available. Young people today would not have the skills to read maps and know instinctive directions without a fallible electronic machine.

I was disappointed to see the copyright date of 2006 on this map book. However, if, like me, you don't want to wrestle with the fold-out variety, this is your only option and it is still useful unless you are looking for new subdivisions opened up since 2006.
