Synopsis

Forget about redesigning your living room or adding "curb appeal"-how about redesigning the world! God has given you a blank check to create a better world-just sign your name! "Bill Johnson has captured one of the most important concepts in human development - how to dream the will of God. His inspiring and insightful presentation of the concept of "desire" and its role in human activity, creativity, wisdom and personal fulfillment is guaranteed to provide answers to the deep questions of the human heart. I highly recommend this book and hope everyone will read it." --
--Dr. Myles Munroe

BILL JOHNSON is a fifth-generation pastor with a rich heritage in the Holy Spirit. Bill and his wife,

Beni, serve a growing number of churches through a leadership network that crosses denominational lines and builds relationships. The Johnsons are the senior pastors of Bethel Church in Redding, California. All three of their children and spouses are involved in full-time ministry. They have eight wonderful grandchildren.

This book is one of the best and easiest reads ever! While reading this I had so many ah ha moments...the stretching really began as I read each chapter. One of my favorite parts of this book is the revelation of friendship with God and how that new revelation changes "what we know," "our experiences," "our function," and "our identity." Pastor Bill Johnson's ministry is changing my life...thank you for being obedient to the will and word of God. I got all my friends reading this and many other Bill Johnson books, next up "Face to Face with God."

Thank you, Bill Johnson! I started this book and have not been able to put it down. He brings such revelation and perspective on what it means to dream with God, how to receive it and move in it. I'm only a few chapters in but cannot wait to read and re-read this in entirety.

Great book, I have learned so much more about God which makes a lot more sense. I already had a great relationship with Him, but more of the answers to my questions made a big difference. I aim to live more by my spirit and not by my human experience. God is a super natural God!

This book and author caught me off guard. This is a book about the power of the Holy Spirit without the typical 'prosperity' message that accompanies. Definitely worth a read.

Very, very faith inspiring. Has helped me get through an extremely dark time in my life, rediscovering joy and faith in spite of my circumstances, and later seeing the affects of this faith.

My mom loves Bill Johnson. We will purchase everyone of his books.

this book was an answer to my prayers. For years I have been wondering how do I express God outside the four walls of the church into everyday life and what I am most passionate about. I knew that God wanted us to take territory but I didn't know what that look like because so many times I heard preachers say how your gift was for your local church and use what God has given for the local body but I thought well how can God get glory in the world if we are also using our gift in the

local church. Bill Johnson has hit on something huge and has shifted my focus and has given me confidence to pursue what God is calling me to do and showing me. I know the dreams and visions he is showing me is for a world that is looking for solutions to their problems. I'm excited, free, and amazed at what God is doing to the body of Christ.

Great book, motivating me to continue running the race, expecting, to win! It increases my desire too deep, to hunger for His Presence!
