All old muscle cars with factory stats!Old car enthusiast will appreciate it!

Great pictures and discriptions. Any muscle car enthusiast will love the book.I recommend it without reservation or hesitation!

American Muscle Cars has terrific photographs and lots of interesting information. The first part of the book focusing on early muscle cars is particularly well done. Overall, however, the text is poorly organized and seems to jump back and forth between subjects and periods.

More than a straight history, Campisano's look at the muscle cars of America's Golden Age is filled with wit, humor and authority. A must-read for any serious muscle car enthusiast.
