Bookshop Book

Synopsis

We're not talking about rooms that are just full of books. We're talking about bookshops in barns, disused factories, converted churches and underground car parks. Bookshops on boats, on buses, and in old run-down train stations. Fold-out bookshops, undercover bookshops, this-is-the-best-place-I've-ever-been-to-bookshops. Meet Sarah and her Book Barge sailing across the sea to France; meet Sebastien, in Mongolia, who sells books to herders of the Altai mountains; meet the bookshop in Canada that's invented the world's first antiquarian book vending machine. And that's just the beginning. From the oldest bookshop in the world, to the smallest you could imagine, *The Bookshop Book* examines the history of books, talks to authors about their favourite places, and looks at over three hundred weirdly wonderful bookshops across six continents (sadly, we've yet to build a bookshop down in the South Pole). *The Bookshop Book* is a love letter to bookshops all around the world. --"A good bookshop is not just about selling books from shelves, but reaching out into the world and making a difference." David Almond (*The Bookshop Book* includes interviews and quotes from David Almond, Ian Rankin, Tracy Chevalier, Audrey Niffenegger, Jacqueline Wilson, Jeanette Winterson and many, many others.)

Jen Campbell grew up in the North East of England, and graduated from Edinburgh University with an MA in English Literature. She's a published poet and short story writer. She lives in North London where she works at Ripping Yarns bookshop.

Perfect book for anyone who loves books.travel with Jen as she visits all these wonderful book stores&the people she meets,

Impressive research about the book stores, book readers, and book lovers around the way. It's a good confirmation why for many people book is the center of the universe. Also with very interesting caveat, it make this research not boring at all. This book makes me want to open my own book store.

Very charming book about bookstores around the world.

I thoroughly enjoyed this book of bookshops and will hopefully get to visit some of them some day.
