Customer Reviews

Unfortunately, not everyone wants to admit that there might be a problem such as Erectile Dysfunction and do not consider the possibility of taking some simple steps to finding a solution to the problem. The author gives a lot of information that professionals advise about how to overcome

the problem. To begin with the couple must communicate and work together. This book gives some simple strategies to improve your sex life and promote a healthy relationship, leaving Erectile Dysfunction behind for good!!

The best ebook I read on sexual health. I don't have a dysfunction, but some problems on my sexual life. The book describes simply and clearly how to overcome those sexual problems. It clearly describes the factors which effects in normal sex life. Even the importance of diet and diet list according to the problems someone is facing. I am trying to follow the steps mentioned here to improve my sexual life.

Had some good information but little detail. Could find out all in the internet if you wanted to do searches. Link at end appears just added without verifying the content

This book is an extraordinary book for people trying to overcome impotence. It gives really amazing advice and tips, including external influences that affect your sex life. I never thought these external influences affected my sex life, but the advice has more than helped. The value given in this book is worth much more than its price.

Lots of great suggestions.

This The second Book I Have Read On The Subject. Both Have good And Different Ideas. Im Hoping Between These 2 Books That I Will Find A Answer. To Anyone Else That Is Going Through This I Wish You The Best Of Luck For All Of Us. Michael Jacobsen

Very informative book! Erectile dysfunction happens to a lot of people and causes lots of worry and stress. So many reasons and solutions were answered throughout this book. This book explained how I could fix my problem and it really helped. It was the most effective solution I've found.

This is just what I needed to know. I had been wondering why my ticker wasn't getting thicker. My wife is so much happier now that I read this and I have been able to straighten out my issue. No pun intended. It isn't such an uncommon problem for guys it turns out.
