Best Sellers Rank: #707,442 in Books (See Top 100 in Books) #164 in Books > Cookbooks, Food & Wine > Main Courses & Side Dishes > Casseroles

Customer Reviews

Kerrie McLoughlin is a chaos-loving, homeschooling, write-from-home mama of 5 awesome kids and wife to Aron. She is based in Kansas City. She fell in love with writing when she was a little girl and never stopped. She has written articles for over 150 regional parenting magazines and enjoys proofreading/editing the work of others on the side at Fiverr.com. She loves to make readers laugh while informing them at the same time. When Kerrie isn't writing, homeschooling, sleeping, playing, giving her husband grief or writing, she enjoys reading, walking, avoiding chores, eating chocolate, scrapbooking and learning new things.

This is a video sharing the basic features of The Tater Tot Casserole Cookbook. The recipes are simple to make, with most making enough to fill 9x13" pans. Although Kerrie does mention the recipes can be cut in half, which is true for most of them anyway. A surprise was that about 10 recipes are for desserts (they don't include tater tots). I was expecting 40 tater tot recipes, but I guess 'yummy' recipes don't have to be tater tot recipes even in a tater tot cookbook. There are no photos in the book, however that is common with many Kindle cookbooks. The book was co-authored (given credit in About the Authors, but not on the cover page) by a 15 year old family friend. I liked that, and it reminded me while reviewing that the cookbook could be used and recipes enjoyed by the whole family.

Author Kerrie McLoughlin has written a cute, clever and witty cookbook called The Tater Tot Casserole Casserole Cookbook. Reading her cookbook brought back happy memories as the first tater tot casserole I ever ate was when I was a newlywed. My aunt by marriage made a tater tot casserole. I was hooked and have loved tater tot casseroles ever since. McLoughlin has a funny way of writing as she includes a bit of humor when writing: "One night while trying to fall asleep, my husband and I came up with some goofy names for the classic tater tot. Tater thumbs Tater toes Tater tweets Tater poops! If you want to learn some of the other cute names they came up with you'll have to buy the book. Some of the recipes you'll find in her cookbook include: Bacon Swiss Hot Dog Breakfast Some dessert recipes included in her cookbook include: Chocolate Suicide Heavenly Sinful Bars You will find an interactive table of contents making navigation easy. Recommend. Penmouse

The Tater Tot Casserole Cookbook: Great Casserole Recipes with Bonus Dessert Recipes Remember eating these as a child and thought maybe with healthier things included we could eat these in our golden years. Each recipe comes with ingredient list and how to make it, no pictures and no nutritional information. Cans of creamed soup really kills it for us to be able to enjoy these dishes. And problem is the tater tots are already made - you buy them frozen. Was thinking this was a book in how to make them - using healthier ingredients. To me, these are just meals with 2 lbs of tater tots, sometimes turkey, sometimes hamburger, etc.

Love quick, easy and economical recipes? The Tater Tot Casserole Cookbook by Kerrie McLoughlin is the right book for you. My husband loves cheese, tater tots, ground beef etc. My grandchildren both love those ingredients as well, so when I make the casserole, it is always a hit. The Tater Tot Casserole Cookbook by Kerrie McLoughlin finds many inventive ways to change up the standard casserole. Her recipes are easy to follow and include many variations as well as using other meats and seafood. She has a gluten free recipe as well as vegetarian options even a breakfast casserole. The book has over forty recipes and as a bonus, dessert recipes. Who doesn't love that? I downloaded the Tater Tot Casserole Cookbook to my Kindle. As with most Kindle books there are not any pictures. The book is also available in paperback. The author has five children which I am sure has given her rise to many of the recipes. Due to the amount that each casserole makes, if it is just my husband and myself, I cut the recipe in half otherwise we will be eating leftovers for days. The recipes are clear and very easy to follow. I feel it would be a great book for

your kids to use to make dishes that they would enjoy and find pride in feeding the family. On a personal note, I do use lower sodium soups, low-fat milk and 2% cheese to help cut down on the calories and sodium. Great book, great writing style with a lot of her personal humor.

I have to admit that I love tater tots -- and this cookbook grabbed my attention right away. The recipes are so unique - and normally I read recipes and think "I've tried that" or at least tried something similar. But these are all different and ideas that never occurred to me. There are all kinds of option - turkey, chicken, breakfast, green bean, mexican, seafood, ham, italian, cheeseburger and even buffalo bleu cheese chicken among others. If you want a more healthy option - gluten free or dairy free. These are a fun and easy twist on meals for people who enjoy "meat and potatoes". Each recipe is easy to make and really all you need to know is click to download your copy and buy a really big bag of tater tots so you can try out some recipes :) PS - There are also scrumptious sounding dessert recipes in the back of the book - looking forward to trying those out too :)

I love cookbooks. My husband and I both like Tater Tots. This book gives me many ideas on how to make casseroles using Tater Tots. The author tells you how to make the recipes either crunchy or soft. We prefer crunchy. She also tells you how to cut the recipes in half. That's useful for us, because the children are grown and gone, and leftover Tater Tots get soggy in the fridge. I highly recommend this for busy mothers, retirees, and everybody else.
