# Reveal (A Blood Riders MC Novel Book 2)

## Synopsis

DrakeWhoever thought they could mess with me doesn't f\*cking know who they're dealing with. I'm the soon-to-be President of the Blood Riders MC, and I don't take sh\*t from anyone. Sure as f\*k not when it comes to Nicole. Every death threat they send only fuels my fire to find those bastards. She's my ride or die. The only true love of my life. They think they can tear us apart, but I'll rip them to shreds before they can lay a hand on my old lady.NicoleThey won't leave us alone. I know my family thinks it's best, but I love Drake. He's my everything. He promised me happily ever after, but that's not what this is. My family can't understand our happiness and has been trying to stick their nose into our life and turn everything upside down.I thought we could survive anything and everything. But he's acting increasingly distant. With everything trying to pull us apart, I don't know if I can hold us together much longer...Reveal is book two of the Blood Riders MC series with no cheating and a guaranteed happy ending. This book is a full-length motorcycle romance novel that's intended for mature audiences only. Reader discretion is advised.

## Customer Reviews

After having their HEA, Nicole and Drake were ready to settle down and look for a brighter future, with the enemy gone, the police not on the picture anymore, and the club on Drake's hands everything was perfect or that's what they thought, family issues in the middle, a new enemy trying to kill every happiness on his way and the doubts about being with one person do the rest of their life, what would happen if you realise that the only thing in common you have with the other person is love, but when things get serious everything could be falling apart, maybe love is not enough! I loved this book, of course 5 stars and I can't wait to read more about this MC!

This was a continuation of a romance started in Tow Lewis' book titled Threat. Drake is the soon to be President of the Blood Riders motorcycle club and Nicole is his Old Lady. The author picks up the story two years after the end of Threat. The club goes through some things and the relationship between Drake and Nicole does through things. I like how the illegal stuff that happens in motorcycle clubs was not the main focus of the book but rather the relationships of the club members were. I like this author's writing style. She holds your attention by not dwelling on the minutia but gives just enough detail for you to paint your own picture.

I received Reveal (A Blood Riders MC Novel Book 2) as an ARC in exchange for an honest review! Honestly, I really loved this second book in the Blood Riders MC series. Nicole and Drake were a couple that was meant to be, even through all the horrors and obstacles thrown in front of them. Nicole's father was a NYPD policeman who was killed by a biker, but it was never known which biker and which club as Nicole's father tried to work them all. Other policemen that worked with Nicole's Dad tagged the Blood Rider's for the crime though. Nicole and her father had been alone for many years after her mother died, and they were close. His death left a huge hole in Nicole's life, and she was determined to find out who killed him and see justice served. Nicole decided to get into disguise and the personae of a biker chick and somehow get into the Blood Rider's club house. She did that with the help of a prospect named Ritchie. Ritchie tried so hard to be "one of the guys" but he never quite got it right, and the guys in the club never let him either. Hawk, comes into the picture, and takes delight in tormenting Nicole. He is pure evil and Nicole sees this immediately and tries to stay as far away from Hawk as possible. Nicole's aunt Karen is another piece of work, and thorn in the sides of both Nicole and Drake as they get closer

as a couple. Karen doesn't know enough to stop interfering in Nicole's life, and even invites her to dinner to try and fix her up with a neighbor's boy. Both Nicole and Drake want to kill Karen for her blatant meddling in their lives, but another detective Tommy, a friend of Nicole's father is trying to pin things on Drake and the Club, and agrees with Karen about Nicole and Drake being together. Hawk reappears, killing Richie, and about to do the same with Nicole in her childhood home, when Drake saves the day and his future wife. Hawk's death is not mourned by anyone in the Blood Rider's, but it will have some blow back later on. Nicole is devastated that Richie was killed, and Drake realizes how awful he was to Richie, and feels guilty he cannot make it up to the prospect. The Blood Riders join with an ally club, the Vipers, by investing in a very high classed "Gentlemen's Club", and Nicole is furious that Drake won't tell her what the huge money discrepancy comes from, and Drake tries to put her into her place and tell her she doesn't have to know either. More problems crop up for this couple that by now appear as though they can conquer anything, but can they? There is one reveal that shocks Nicole to her soul, and they part for a couple of weeks while they work through their anger. So much responsibility comes to Drake as Jack, the President of the club is dying. Drake starts getting threatening notes about Nicole, and things just seem to tailspin for the couple. I can't spoil this great story by saying more, but it is a whole series that every MC fan should read and enjoy! Tia Lewis weaves a great story!

I couldn't wait to read more about Drake & Nicole. Everything is going great for them until threats are being made and Drake & Nicole have a major fight that could end everything. With the threats happening to Nicole which she knew nothing about, you think you know who might be behind it but the story goes another way. I like that it was predictable and I can't wait to read what's gonna happen with Tamara

I love reading from Tia Lewis amazing author. Reveal was what I been waiting for. I really enjoyed this book because it gave you a lot of depth about Nicole and Drake's relationship. I felt like the fight that they had wasn't stupid but should have been discuss so that they both had a better idea how they wanted their marriage to look. I just couldn't put this book down and now I will read book three Creed.

Drake is a member of the blood riders Mc, soon to be President of the club! Nicole is Drakes wifey! It seems like they can overcome all obstacles in there path! Or can they? I highly recommend and love Tia Lewis books. To find out what happens please check this one out. I

A second part to Blake & Nicole's story, though the first one had a HEA. You need to read the first one to understand some of the back story in this one. It moves pretty quickly, keeps you flipping pages. Not all loose ends are tied up in this book for the club, although they have a HEA.

The Blood Riders MC story was very intriguing covering Drake and Karen relationship. They were a delightful and interesting couple, who went through devastating events before their matrimony. Nicole's Aunt and her fathers friend (Tommy) kept interfering in the young lady life but love prevailed. I loved how it was handled because someone has had a relative with nose problems ;). The story presented more problems for the couple in the form of Drake's club joining the Vipers in their huge business adventure (Gentlemen's Club) without Nicole acknowledge. There are a lots going on in this book with danger lurking in the dark and it was a good read. This story was well written with great characters development. The words flowed well with a good storyline.
