Complicated Hearts (Book 1 Of The Complicated Hearts Duet.)

Synopsis

Breslin – I was in love with Asher Holden the moment I saw him...and I knew nothing would ever be the same. Then he hurt me. He wrecked me. He ruined me. I spent three years putting myself together – fixing what he broke. I never thought I'd see him again after that day. I was counting on it. Little did I know – life had other plans...and things were going to become a lot more complicated. Asher – I finally know who I am. I own it, I embrace it...I'm no longer afraid. I live my life with no regrets now, because I've learned my lesson – the hard way. I thought I had it all figured out. But then my past collides with my present...and things become complicated. Turns out I don't really know myself after all. Landon – My life was all mapped out. I knew exactly what direction I was heading in – I didn't have time for any roadblocks or obstacles. Then I meet her. And him. Now, my heart is split right down the middle. She controls the rhythm. He controls the melody. Complicated doesn't even begin to cover it...and there's only one way this can end. Warning: This story is for mature readers only, due to language and sexual themes. This duet contains explicit content featuring m/f, m/m, m/f/m. Trigger Warning: This story is strange and unconventional. It's everything you hate. That's the only warning I can offer you.

Wow! What more can I say Ms. Jade has put out another excellent but very unusual book. There are three main characters in this book Asher, Breslin (Bre) and Landon. When we first meet them Asher and Bre are the dream couple in high school but their happiness is destroyed by a jealous classmate. Asher soon finds his whole life destroyed while Bre struggles in college to deal with the hurt while trying to form a relationship with Landon. When Bre leaves to go on a college study trip chance brings Landon and Asher together. And boy here is where the steam goes off the chart in a way I didn't think anyone could write into a M/M relationship. But Ms. Jade hit it on the head. Hot, steamy exploration of feelings and sex that will leave you hot and bothered. I never for one minute doubted the relationship that was developing between Asher and Landon. I for one can't wait to see how Ms. Jade adds Bre to the mix in the next book.

I am so blown away by this book I'm trying very hard to find the words to convey just how incredibly AWESOME it is!!! The feelings I had while reading were all over the place. I honestly didn't think I would be able to identify with any of the characters being decades younger than me, but it really didn't take long for me to fall down the rabbit hole and before I even realized it I was actually welling up, getting angry and totally invested in what happened!! Just for the record I am #TeamAsher but I also fell for Landon. I think Asher is totally misunderstood, and I'm sure most people will think he's a jerk, but I'll let you draw your own conclusions. I absolutely recommend this book and I really hope you take the time to read this incredible book that will stay with me for a VERY long time!!! I look forward to book 2 and I really hope it's out really soon!!! If you've read other books by this author you know how truly talented she is, and this book is no exception. It's different, but just as good, if not better than her other books, and that's saying a lot, because I absolutely LOVE the Blame It On The Shame series!! In other words you can't go wrong with ANY Ashley Jade book, so I really hope you give this one a chance, because I promise you, you will not be sorry!!! Enjoy!! (Oh and by the way, I didn't even mention the hot sex that just adds to the awesomeness!!)

I am in love. With who? Landon, Asher, and Breslin. Don't ask me to choose cause I just can't. This book exceeded the expectations that I had going in. It was hot, it was angsty, and it was gripping. Asher and Breslin met in high school and fell madly in love. Something happens that tears them apart and leaves both of them with trust issues. Into both of their lives comes Landon. I don't want to spoil anything in this book so just trust me when I say that it is amazing. This author weaves a tale that you will not want to put down. I need book 2 like yesterday!

Let me start by saying this is the first book I've ever read that had some m/m action. Wow. This book hooked me from the beginning and held on until the very last page. Actually, I'm still hooked and now anxiously awaiting the second book. This book was truly a great book. I loved the different POV's from each of the main characters. You could feel the passion, desire, the anguish and the heart breaks. Well done Ashley Jade! I cannot wait for the next one.

Wow it's so hard to put into paper and write it down with how I feel about this story it stole my heart and never let go. The characters Breslin, Asher and Landon just drew me in immediately it's so amazing. Even if your afraid of this genre this author does an outstanding job of delivering a superb story with all the feels. I am still deep in thought days later over this story and the truly emotional journey it takes us on. Landon and Asher both love Breslin so deeply but then things get Complicated. Your heart will break for Landon because I believe he just wants too be loved and cared about he has a heart heart if I truly could I would give this story 10 plus stars. I so very highly recommend it. I will be on pins and needles waiting fir Book two so one click Book one today.

This book I don't think I have the words at how incredible it is. Ashley jade takes you on an emotional rollercoaster with every turn of the page. Asher is your typical hot alpha male only he has a secret and once it's out his whole life implodes or so he thinks. Landon sweet sweet Landon is the nerd who also happens to be hot and can play a guitar like a rockstar. When these two collide as student and tutor the chemistry is explosive. Breslin was the girl from the wrong side of the tracks who fell in love with Asher in high school but his secret broke her. Breslin and Landon met in college and because of Asher she can't trust herself with anyone even Landon. This book keeps you one the edge of your seat til the cliff hanger ending bravo Ms. Jade can not wait for book 2
