Great Hunt (The Wheel Of Time, 2)

Synopsis

Now in development for TV! Since its debut in 1990, *The Wheel of Time*® by Robert Jordan has captivated millions of readers around the globe with its scope, originality, and compelling characters. The Wheel of Time turns and Ages come and go, leaving memories that become legend. Legend fades to myth, and even myth is long forgotten when the Age that gave it birth returns again. In the Third Age, an Age of Prophecy, the World and Time themselves hang in the balance. What was, what will be, and what is, may yet fall under the Shadow. For centuries, gleemen have told the tales of The Great Hunt of the Horn. So many tales about each of the Hunters, and so many Hunters to tell of... Now the Horn itself is found: the Horn of Valere long thought only legend, the Horn which will raise the dead heroes of the ages. And it is stolen.

TV series update: "Sony will produce along with Red Eagle Entertainment and Radar Pictures. Rafe Judkins is attached to write and executive produce. Judkins previously worked on shows such as ABC's *Agents of SHIELD*, the Netflix series *Hemlock Grove*, and the NBC series *Chuck*. Red Eagle partners Rick Salvage and Larry Mondragon will executive produce along with Radar's Ted Field and Mike Weber. Darren Lemke will also executive produce, with Jordan's widow Harriet McDougal serving as consulting producer."

Customer Reviews

Chosen by fate to become the Dragon Reborn--savior and destroyer of his world--young Rand al'Thor attempts to outrun his destiny by joining in a mad search for the lost Horn of Valere. Continuing the story begun in *The Eye of the World* (LJ 2/15/90), Jordan creates a lush, sprawling tapestry of a novel in the tradition of Tolkien and Eddings. Recommended where fantasy is popular. Copyright 1990 Reed Business Information, Inc. --This text refers to the Hardcover edition.

“Jordan has come to dominate the world Tolkien began to reveal. The New York Times --This text refers to the Hardcover edition.

Took me a little less than a year to finish this series only reading a little each day or so, but I enjoyed it thoroughly. Jordan wrote with a lot of detail and made the characters really feel like flesh and blood. Rand, Matt, and Perrin and the rest are characters you'll enjoy getting to know and enjoy following through the many turns of the Wheel of Time. I know I'll visit again.

5 star rating bc of ability to develop characters and connect what seem to be a "neverending" story. I find myself wanted to dive back into this fantasy world multiple times a day. Lan, Nynaeve, Minnesota, and Loial are my favorite characters. Although it seems cliché to say, these are a mixture of every single fantasy book or story I have read and combined all in one book. I asked my friend for a recommendation for a book, and one specifically that hadn't been made into a movie. I've read a movie was once supposed to be made for Wheel of Time, but efforts were unsuccessful. Although a movie is enticing, there is really no need to ruin such a magical story. Amazing books! I recommend to everyone who loves sci-fi, fantasy.

Doing a re-read of this series. This time through has been an even richer more enjoyable experience than when I first read these as a kid. If you are interested in fantasy (or willing to give it a try) this is one of the finest examples of one of the greatest fantasy series ever written. Robert Jordan did pass away before having the opportunity to finish the series, but it is handled with care

and love by long time fan and author Brandon Sanderson for the last 3 books. If you are new to this series, read the prologue of the first book. Everyone I know that has given it a chance has ended up a huge fan of this series.

I've been an avid Robert Jordan fan for over 17 years. I first stumbled upon the Wheel of Time series 17 years ago in "The Path of Daggers." I read that book and then searched out the first book and read that and have been hooked ever since. Every time a new book came out, I would re-read the whole series, that's how good I found it. This audio selection is adding a new dimension to the experience. I love the alternating narration, male and female. I think it adds to the whole experience. I am just in love with this series and I would recommend it to any avid reader, even if you are not a fantasy junkie like me.

There are a lot of jokes about opinions and how everyone has one. I really did totally enjoy this book but for some reason I had difficulty getting into this book. I always had a disjointed feeling when reading this one. Maybe it was because it was over the holidays. Somethings it seemed like Mr Jordan kept going over, & over, & over again. Devoting pages and pages to just repeat the same old things. Where other things he just flew over explaining in one paragraph. That is why I only rated it 4-star instead of 5. Hope this helps.

Great Hunt was always one of my least favorite in the series, but as I read it again, I enjoy it more and more because it really does start to ramp the story forward.

I really love the story these books provide. The scope is just epic. Character development is fantastic. The only issue I have with the books, is the story and plot can be so intricate sometimes I need to backtrack or reread a chapter to refresh my memory on events from previous chapters/books. Actually, I would not call that an issue because I love it and wouldn't have it any other way.

A truly fascinating storyline with well developed characters, vivid events and suspenseful interactions that leave you wanting more. The story follows Rand and others, some known and some new, across the entire world as they encounter people of all kinds. From a warm introduction to the final chapters, the author does well with foreshadowing to make the reader ponder what will happen yet still unable to unravel the events until they are reached. A wonder of fantasy and lost history

makes this a story end with more questions and anticipation than answers.If you have read the first book then the second will surely weave you into the pattern.
