Customer Reviews

This book taught the character - Lacy- to not keep talking all day. By talking less and more listening she was able to hear others, she became smarter and even managed to do work on time, and even her breakfast was over on time. Everyone should read the book because it will teach the chatterboxes how listening is more fun than even talking.

I bought this for my pre-k class room. The kids love Lacey. She talks so much that she never listens to anyone or gets anything done. For one day she loses her voice. Lacey learned so much about everything that day. Its great to read to that special little chatty Cathy every class has.

Very helpful book to help young children recognize that there is a time to talk and a time to be quiet.

Great book for any age class!

Lacey talks so much that she doesn't get things done and she's unable to listen to her surroundings. One day, when she loses her voice, she realizes that she's able to complete tasks at home and at school, and that the people and activities around her are more fascinating than she thought. The message in this book is fantastic. Sometimes we need to be quiet in order to be accomplished and appreciative.

I'm a talker and so are my children. Great story about what you learn when you listen rather than talk, talk, talk.

My class loves this book. Now if we can make a connection....)

I got this book to help my very chatty 4 year old. Non stop talking like Lacey Walker. Hopefully, this book helps him see the value of listening.

Everybody could a lesson from this story!! Very well written and watches a great lesson about listening.
