Diana L. Paxson is a noted fantasy author who collaborated with Bradley on many of her later works, including Priestess of Avalon. She has written twenty books, including the Arthurian series, The Hallowed Isle.

This book is a great place to start. I found it well laid out and well executed in general. The only reason that I did not give it a full five stars is because it needs to go further. I suspect that if Ms. Paxson were to take this volume as a "core" and really let loose on expanding the areas of description and characteristics of the Pantheon and adding in a well rounded section on ceremonials and invocations...this would have been an amazing book. Great as it is, but it only made my appetite keener.

Love the way the book is written.

Loved the book. Came in excellent condition. Thank you

Great book. The best one I have read so far. It was tough to put it down and I could have read it straight through in one night.

Not all the way threw it yet but it is a very good read.

Funding your way to the most part of the faith of Asatru is difficult, made much simpler by the wise and august Diana Paxson.

Love this book!

I loved this book! To the point and informative for someone just learning about Åsa'trÅº. I like the format, and how she takes us through the info while working through the setting of a Winter Nights Feast. It really puts you in the space like you are there observing!
