Customer Reviews

John Daly is the epitome of the everyman golfer, yet has such style and flair and charisma that naturally draws fans and fellow pga professionals to him. Daly gives great advice in this book which covers the fundamentals as well as some personal observations from the long knocker himself. I own his two most recent books, but wanted this one to add to my collection. He was gracious enough to sign them all for me and I display them proudly in my office. If you're a Daly fan, this book is a must have. If you want some good swing advice and learn a couple things you just might not have thought about, pick this up and develop a sweeter swing in no time.
