John Redman's Essentials Of The Golf Swing

Synopsis

The noted golf instructor teaches a simple, natural swing--an alternative to the difficult ""forearm swing""--in which all motion is generated by the golfer's lower body, while the upper body remains passive. National ad/promo.

Customer Reviews

As simple as it gets and the theory behind it is sound. Must read for anybody. If you're tired of too many swing thoughts, definitely read this book!

The very best

You'll turn into a Zinger fan real quick knowing that he learned his game from Redman. This book is direct and you'll see results immediately.

Yelpful and informative. Covered some old territory and revealed new insights.

I've read about 80 golf instruction books, this is one of the best. A definite buy recommendation. One, two, three.

The condition of the book was very good for the price I paid. The instruction is simple and straight forward. It is a relaxed and stress free way to swing a golf club.

Great book for any level golfer.

Great golf instruction
