The Weekend Crafter: Painting Floorcloths: 20 Canvas Rugs To Stamp, Stencil, Sponge, And Spatter In A Weekend

Synopsis

This follow-up to the successful Complete Book of Floorcloths is a shorter, less-expensive, entry-level paperback by the same author. Step-by-step color photos and reader-friendly instructions guide readers through colorful contemporary projects, from small canvas rugs to a table runner and window valance.

Customer Reviews

This book is great! I have a problem with understanding instructions - the author includes plenty of photos (without them I'd get nowhere) to make the process simple. I love the bright colors and designs she uses, too. She includes a variety of techniques, and applications ranging from placemats to large rugs. It opens up a whole range of ideas - but most important, this gives a good starting point, with very clear instructions for the beginner like me. In fact, I loved it so much I bought another book by the same author.

Was looking for basic information on designing and creating floor cloths and I found it in this publication. My floor cloths are looking great. Thanks!

This book was filled with information, but the patterns inside were a bit cartoonish. It made the book

seem dated.

Loved it, am very excited to begin my first project!

Great little book for someone that's new to floorcloths.

I used ideas from this book to make memories and keepsakes with my grandchildren. I have really enjoyed it. Easy to use.

Fun project, great ideas, simple how to...I made one floorcloth along with a friend. Mine wasn't very pretty, but good luck to you!

I read this book from cover to cover. I am not a painter and have never attempted anything like this before. I wanted to be sure that I was getting all the information I needed to be prepared in painting my first floorcloth. This book is a must have for anyone that wants to start painting floorcloths. The information is very detailed with step by step instructions for many projects. I learned so much about the differences in canvas, paints, techniques, what different tools to have and what they can do. You must check out Kathy Coopers website. It's great. She has given me the confidence and the background information to enhance my skills as a crafter and artist.
