Lots of great photos, and good writing explaining the pictures.

This is the ultimate guide to fire trucks in 96 pages between two covers! Featuring fascinating facts, easy-to-understand details, and full-color photos of fire engines like no other book would have, all I really have to say is: GET IT!!!

I can't imagine a better summary of various types of fire fighting apparatus. My son, age 2, and I both love looking at this book. Great text and awesome pictures -- who could ask for more? Well, other than printing it again.

I recomend this book to ANYONE who loves fire trucks. All the info and pics on fire trucks you could want for only 12 dollars!
