Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Has the melody only: it's a huge cheat sheet.Maybe a couple hundred songs, though! Lyrics in Hebrew but not English.Binding not good for this kind of thing: it's like a novel: it won't open flat. If you want to start using it, you'll probably have to take it somewhere to have it spiral-bound.Chords are noted above the melodies.

Wonderful songs! Some classics and some less-well known songs that have enough variety to be

appropriate for very young to intermediate grade children. Hal Leonard puts many of the songs in this book onto a set of three CDs, which are also uploaded to YouTube. This is great for our synagogue because we can link to the songs the kids learn out of this book with our music teacher in our emails, and the kids can sing them at home with their families.
