Customer Reviews

This is a good collection of easy-to-play worship songs. Even though they are simple arrangements, most of them sound good enough to stand alone. The songs also include guitar chords, so could be used by a beginning worship team. I bought this for a beginning student who wants to be able to

play for church in the future. He is not quite ready for it yet, but should be ready for some of the easier songs soon. An intermediate student would be able to sit down and sight-read through it.

beautiful songs and really good for a church musician who gets really nervous and needs easier arrangements to help. These arrangements are just beautiful.

It is easy (not too easy) but beautiful Hall Leonard arrangement !!!

This is a wonderful book I recommend. Easy to play

Excellent!!

I knew it was easy to play music and it's just that. Too simple for me, I should have ordered more advanced music. Misjudged on this. Great for someone that needs that type of music.

Excellent product.

My teenage piano student wanted some Contemporary Gospel Songs she could play for some friends who sing at her church and she was so very excited about this book. She has already mastered "Come, This Is the Time for Worship". I also ordered myself a copy since I play weekly for my own church service. Thank you. Connie Wood
