Love this book so much, just gave it a read through and I'm loving a lot of what I'm seeing. I like a lot of Hite's added expressive notation, and most of it is exactly the same as what I've handwritten in my copies of these etudes. I also enjoyed the short history lesson at the beginning, as well as the footnotes. Also, I am so thankful for the tempo markings and extra detail that you just don't get elsewhere. My only complaint that I have is that I wish the paper that it was printed on was white and not that kind of antique-ish paper. It's still great, and I like it because it handles pencil and erasing a lot better than the white paper that Carl Fischer uses.

Sharp edge but the paper is not bight white. It is actually slightly yellow. Make it less readable.

I'm a music major at Western Carolina University and I use this book every day. Also a large portion of all county and all district solos come from this book (at least in north carolina they do). Plus this book its just good for a short audition piece if your looking for an *ÃfÂ©tude*. If you are a clarinet player and you want to be serious just save yourself the time and buy this now.

It was exactly the challenge I was looking for after Rubank Intermediate.

great music to challenge the intermediate clarinet player.

Just as I expected
