# Pizza Recipes After School. Cookbook: 30 Recipes That Are Super Easy To Make!

## Synopsis

What is the gourmet cook after school, while mom is not at home? This is Pizza! In my cooking book, you will find quick and straightforward recipes for which you will need the simple ingredients that are in your fridge and the kitchen. Also, you can treat your friends because each method was designed from 12 to 6 pieces.

## Customer Reviews

I got this book for free on .Great pizza book. In addition to colorful illustrations, the author provides solid information on the preparation of pizza. I've tried both Neapolitan and New York recipes - both are excellent. One of the reasons, in addition to the recipes themselves, is that the author shares great quality information that goes beyond the ordinary. I bake in my brick oven and make a lot of pizza, and advice on making excellent pizza was very useful. For my children this is a universal lunch and dinner, of course I cook and a lot of other food that is necessary for teenagers, but pizza as a treat for the whole family!

Wow, my growing up daughter really liked the recipes, and you know why, because the mainest recipe is the simplest, without a miss, proven! I cannot believe how good it is! Plus there are no guesses with all dimensions in weight (as a baker will always do!). I've tried most of the recipes in this book, and I must say that anyone who ever wants to try their hand at making pizza must own this book!

I can't buy a book that has so many grammatical errors in the sample! This book reads like it was translated from another language by a computerized translation program. It never should have gotten past the editor... if there was one.
