Our Study Guide for the Civil Service Exam Is Unlike Any OtherIf you'd like to get the Civil Service exam score you deserve, to quit worrying about whether your Civil Service exam score is "good enough," and to beat the test taking game, then this might be the most important message you read this year.Our comprehensive Civil Service exam study guide is written by our Civil Service exam experts, who painstakingly researched every topic and concept you need to know to ace your Civil Service exam. Our original research into the Civil Service exam, offered by the state licensing boards, reveals specific content areas and skills that are critical for you to know on the Civil Service exam. We've taken that information and developed a study guide that is guaranteed to help you be successful on the Civil Service exam.Now, we know you may be skeptical, so let us give you three good reasons we can back up what we claim:The Three Reasons To Believe What We SayThe First Reason:Our company's name is Mometrix Test Preparation, and we have a team of standardized test researchers who have worked on developing our study guide for the Civil Service Exam. The standards for who gets to work on the team are very strict- we demand the best for our customers, and only those who met our exacting standards made the cut. The dedicated research staff have years of combined experience in mastering the content and skills necessary to succeed on the toughest exams.The Second Reason:Some academic studies have revealed that test takers do not really benefit from the traditional test preparation process. But we knew there had to be a solution- if test takers were not doing well on the Civil Service Exam despite high intelligence, there

had to be a set of secret keys to the test that would open the door of success for these test takers. We believe we have succeeded in finding the secret keys of the exam. What we found was surprising, and in some cases ridiculously simple once explained to the average test taker. We put the findings together in a thorough, concise study guide that we believe allows any test taker, at any skill level, to improve his or her results dramatically with a minimum of effort.

The Third Reason: We created the product in part because we were frustrated by the options available to test takers who really wanted to do well on the Civil Service Exam. A common approach is to TEACH the material, instead of TEACHING THE TEST. That's not necessarily good enough for the Civil Service Exam- you have to know how to apply the knowledge. Most test takers already have a general knowledge of the material that will be covered on the exam. One reason some test takers do well on the day of the test is that they have made the critical connection between the material they learned and how to use the material to succeed on the Civil Service Exam. Our guide addresses the difference between merely knowing the material and knowing how to use the material to perform on test day. You're going to save time, money, and aggravation. You'll learn to avoid the mistakes and the bad strategies that you've been vulnerable to. --Just for starters, here are some ways our product can help your score on the Civil Service exam...

Don't take our word for it. Listen to what our customers say about other Mometrix test preparation products. I purchased the Secrets file, and I just wanted to let you know that I got a 99% on my test. I just want to thank you again, and hope you have continued success in your ventures. Sincerely, Paul L. My name is Chris. I used the Secrets study guide for five days. The study guide made the test so easy to understand. Like you said this program is worth 100's of dollars. To me 1,000's!! THANKS, Chris G. I just had to thank you guys for the test prep! I bought the guide as a last minute prep, I mean maybe 5 hours before the test. Like I said, I had ZERO preparation! I was nervous about the test let alone receiving the score I needed. I read the guide through only once before test time and needless to say, the only way I passed was thanks to your refresher!! Brian Just dropping you a note to let you know that I am completely satisfied with the product. I had already taken the test once and landed in the 75 percentile of those taking it with me. I took the test a second time and used some of your tips and raised my score to the 97 percentile. Thanks for my much improved score. Denise W. I heard about your website from a friend. I am enrolled in a review course, and in hindsight, I wish I wouldn't have taken my review course and instead spent a fraction of the money on your program. Thank you! Zac L. You get at least 10 times your money's worth! --When you consider what's at stake with the exam, we believe the value of our study guide gives you at least ten times your money's worth.

I returned this item. I don't feel that it had any useful information for my civil service exam. I actually received a 75 on my exam after reading through this so no I would not recommend this book. It is misleading and does not help at all!

The book has a lot of content but very poor explanations. I have taken the tests and this book was not helpful at all. If you are simply trying to study for an upcoming law enforcement test, do NOT buy this book. You will not understand 95% of it and will be better off finding other means to study.

Please do not waste your money.

Was great!! So many test question, so helpful. All the tips were useful. 4 practice test and about 30 questions per chapter really prepares you for your test

If you are taking the civil service for police this won't help you at all don't waste the money

Very helpful. More full length timed practice test would be more helpful for the test takers.

The Civil Service Exam Prep text book it's awesome it's the closes to the test and has practice exams and the meaning for each questions recommend this practice guide to everyone.

This is an excellent study tool!!

The whole Exam Booklet gives you full depth of how the Examination is. The Practice Test is what is most impressive and helpful to me.
