Customer Reviews

âœWhen I need ideas for potlucks or gatherings, I call on my go-to gals, the Casserole Queens! Whether itâ™s gluten-free, vegetarian, or anything goes, their comforting one-pot dishes are sure to be a hit. But even better, Crystal and Sandy clearly get a lot of joy from sharing food with

othersâ "and they want you to have just as much fun, too.â •â "Lisa Fain, author of *The Homesick Texan Cookbook*Â â œThose sly, sassy Casserole Queens have once more moved casserole culture forward. Their mix-and-match recipes for delicious family recipes feature gluten-free (gluten-free corn dog casserole!), diabetic-friendly, and vegetarian options to make sure everyone at the table is included.â •â "Martha Hall Foose, author of *Screen Doors and Sweet Tea*Â â œThe Casserole Queens have embarked on a mission that is not only getting us all back in the kitchen and cooking the food that Ma and Grandma used to make, but is also going a step further. They are moving away from our digitized, hectic, futuristic lifestyles and are preserving a style of cooking that is quickly going the way of homemade jams and pickles. They are champions of a cuisine that can truly be called American.â •â "Duff Goldman, owner of Charm City Cakes

CRYSTAL COOK and SANDY POLLOCK, the Casserole Queens, have been delivering casseroles in Austin, Texas, since 2006. New York Times bestselling authors, they are hosts of the Casserole Queens Web series on YouTubeâ ™s HUNGRY channel, and they write a monthly column for Womanâ ™s Day. They have been featured on NBCâ ™s Today, QVCâ ™s In the Kitchen with David, Food Networkâ ™s Throwdown! with Bobby Flay, and Bobby Flay Radio on Sirius XM.

Help!

Good cookbook

Kinda bummed there wasn't any pictures. I choose a recipe a lot by what it looks like

I don't have kids, I don't like to cook, and my favorite thing to make for dinner is reservations, but I have successfully made (and secretly enjoyed myself in the process) several of the recipes from this cookbook! The tone is fun, retro, and down- homey, but the recipes are clear, easy to follow, and doable even for a stove-a-phobe like me. I love that I can make a bunch of casseroles and freeze them, too- it's almost like eating at a restaurant when all I have to do is pull them out and pop them in the oven! Plus these two ladies are freaking adorable. When does the vintage style book come out, Queens??

I have their first book and am so glad they have come out with another. There are several recipes that are staples in my freezer from it. I always divide the recipe into 2 pans instead of just one and

freeze for later. If I eat one, I make it again shortly so that I have it on hand. I live alone and cooking and freezing is great for me. I have already made one beef/pasta casserole from this book and it was delicious. They always have interesting tips and great stories as well. I have found several casseroles that I really want to try. I am from Texas so their flavor profiles are happily familiar. The King Ranch casserole and pot pie from the first book are the best ever. They also have lots of gluten free recipes which is something I don't often see in cookbooks. If you like casseroles, give their books a try. They are great!

I still like buying cookbooks even tho, there's a vast majority of recipes online. (I've no reservations about going online for a recipes though.) I read thru some of the ratings and expected alot from this book. I think it goes back to, having the book in your hand and looking thru it to see if its worthy of a purchase; if I were to do that, I'd not made this purchase. I'm not sure where these high ratings came from but personally, for me, there's nothing interesting here. I looked thru the book a few times now, and the only word I can think of is : disappointment. I've made purchases from familiar names, and authors that I did not know of, some good some bad. This falls under the latter. I expected to be wowed, and if anything, its just a dull recipe book. There wasn't one item that made me, look forward to testing it out. For a cookbook, that's just unheard of! So that's how I rated this book. I'm going to take the book to work and leave it there, w a post it note saying: "Free, please take me home!" I hope there's a dark horse in the midst ready for this cookbook. :)

LOVE the recipes in these cookbooks. These gals hit the mark when it comes to so many old-fashioned favorites. My family has and will continue to enjoy old and new memories that come from these terrific recipes.

Although the recipes were satisfactory, I found the color and size of the print very difficult to read. Not sure why the publisher would do this because I'm sure it will hurt sales.
