AMY WILSON SANGER is the creator of the enduringly popular World Snacks series for toddlers. She lives with her family in Woods Hole, Massachusetts.

We purchased this book because our daughter is half Chinese (my husband is Chinese) and we love eating dim sum! This book is absolutely adorable! Amy Wilson Sanger does an incredible job creating dim sum treats out of paper and other materials to make the images come alive on page! I love reading this book to our 6 month old daughter, who is so fascinated by the pretty colors and sing-songy words. This is sure to be a favorite of hers when she's older!

We just love this book series, my kids have adored these books since they were about a year old.

We're now buying a second set for a friend's baby shower. They're a great gift to buy for others as they're a little more unusual and it's unlikely someone else will show up with the same thing. My kids also happily eat almost anything these days and I certainly think it helps that no food was too foreign to them thanks to this series!

I love these books! The rhyming makes the books flow nicely. My daughter loves that. They are informative and fun. The book is sturdy (board book) so it holds up nicely to a toddler throwing it around.

I purchased two of the "World Snacks" board books by Amy Wilson Sanger (this, and the "A First Book of Sushi (World Snacks)" book), after seeing the dim sum book at the Lan Su Chinese Garden gift shop in Portland, OR. When I discovered that .com had both the dim sum book AND a sushi book, I just had to get both for my daughter. I don't know about her, but I personally love the graphics in each book and the cute stories that go along with them! I'd recommend these to anyone who wants a "favorite food" book for their little one. :)

I bought this for a baby shower gift. The mom-to-be loved this and the other books like it. Great find and value.

I love this book (and all of the other world snack books). The pictures are very creative and it has a fun little story. I just wish there would be a pronunciation guide for the Chinese words.

Wonderful book for childcare

a favorite baby gift.
