Customer Reviews

Carolyn Keene is a pen name used by a variety of authors for the classic Nancy Drew mystery series. The first author to use the pseudonym was Mildred Wirt Benson, who wrote 23 of the original 30 books. Other writers who have adapted the "Carolyn Keene" moniker include Leslie McFarlane, James Duncan Lawrence, Walter Karig, and Nancy Axelrod.

This was a gift for my young niece. I purchased this set knowing they would not be leather (based on other reviews and price). It's a nice set and I recommend - just don't expect leather. The words "Leather Bound" should be removed to avoid confusion.

I was happy to see that the books were just as I remembered when I was a young girl! I liked the idea of this starter set. Not too overwhelming, yet gives a good taste of what the original Nancy Drew is about. The set came in a very timely manner, and well packaged. The books were nicely

put together and my niece is enjoying the experience. I will definitely be ordering more from this seller as soon as she finished with this set!

Talk about my childhood In a box! Love having a piece of my past. Thanks for shipping it so very fast!

It was a gift for my 10 year old grand daughter. She loves it! She is looking forward to getting the next set.

I am so excited! I am severely dyslexic. Without these books as a kid, I would still be illiterate today. So it meant a lot to find them on . They arrived in a timely fashion, they are perfect and in great condition. This is a great product. And now, my own children can have these books on their book shelf. Books that mean so much to me. This is a fantastic buy, worth every penny.

I bought this starter set as a Christmas gift for my niece who loves Nancy Drew and she was thrilled to get it! She had already read a couple of the books, but was glad to have them for her own! Any young girl who fancies herself as something of a detective would love these books-follow the clues and solve the mystery with Nancy!

Nice boxed set, perfect for gift giving and to contain the books on a shelf. Given to 9yo as a gift, and it was well received.

My wife read them when she was a young girl. We gave the set as a gift to a very precocious young lady, who loves the stories. Her mother is buying more in the series.
