## **Customer Reviews**

65 beautiful color photographs complement this comprehensive discussion of the past, present, and future of the Upper Missouri Breaks National Monument.

Husband-and-wife team Rick and Susie Graetz are writers, photographers, publishers, and adventurers. Together they have published books about a variety of places in the United States, as well as Southeast Asia and the West Indies; produce specialty publications for Montana's tourism sector; and write a weekly syndicated newspaper column called *This is Montana*. Rick is the founder of *Montana Magazine*.

I did not buy this as a river guide but to learn more about the area generally. The photos are beautiful and it serves the purpose. You can get your river guides from the BLM; waterproof paper too!

This book is out of date, and while it offers a nice history of the region, it is not very specific or helpful as a river trip guide.

Excellent.

excellent book! Full of beautiful pictures and lots of information.

great book
