Customer Reviews

There is an abundance of controversial issues facing the disciplines of Criminal Justice and Criminology which are both relevant in historical and current debates. I bought this book for a CJ course, but I have discovered that it is also great as supplemental material in Sociology, which is my major. I recommend this literature to anyone majoring or minoring in the field of CJ, Criminology, Sociology, or Politics and Government.

Book arrived in the condition promised. Spent a fraction of what it would have cost at my college bookstore.

No problems

Perfect

I bought this book for one of my criminal justice classes, it met all of my expectations and came in a short amount of time.
