## Customer Reviews

Hits the high points.

I plan to go in Dublin for work-related purposes so I got a few travel guides for it. This one is a good guidebook, nothing special but it will come in handy for sure. It has all the necessary information, I particularly like how the author wrote travel essentials to bring on your trip, that is useful. Good guidebook, get it if you plan to go in Dublin and enjoy!

This is a great guide if one wants to visit Dublin Ireland, It includes all the essential information needed before planning ones trip to Dublin. The author gives extensive ideas on places to visit and also some tips on precautions and info in case of an emergency. What i really appreciated in this precious guide is that it is well written and detailed. If your next trip is to Ireland this book is a must!

This book is perfect for those who are planning to go Dublin. It has also complete information about the country and where to go when you visit Dublin. As I read the book I was also amazed how beautiful Dublin is, especially St. Patrick's Cathedral because I have this fascination with churches, because every time I visit a new place I go first to the nearest churches to pray. This is a complete guide for travelers!

The book is not very informative for giving a good tourist review of what to see in Dublin. It can be contradictory in the information given. It has grammatical and spelling errors, poor sentence construction and poor English, which I personally find annoying in a book . Generally I would not recommend it . Not even worth the \$2.99 that I paid for it.
