Dark Covenant (Living Covenant Trilogy Book 2)

Synopsis

Zoe Lake is engaged — even she can't believe it. Aric Winters, the man of her dreams, has slipped a ring on her finger and asked her to pledge her future to him. She's ready — kind of. When death and destruction explode — literally — Zoe has a decision to make. Old enemies die hard, and it seems the path to happily ever after winds through Covenant College. Zoe swore she'd never return to the campus that shaped her, but if she wants tomorrow, she has to put yesterday to rest. The trip back to Covenant College is fraught with memories — and danger. Old faces may mean trouble, but they could also offer salvation. Can Zoe destroy the enemies that threaten her future and still embrace the friends of the past? Is Covenant College her beginning, her middle, or her end?

Customer Reviews

Things are bigger, brighter, and better than ever first Zoe and Eric. So why is her mother pouting and being insistent that Zoe both shave her legs, AND wear a PINK FRILLY DRESS? Is this what grabbing for the, er, brass ring of life and next step gets you? Much like Amanda M. Lee, Zoe lights

it(the dress) up, this literally-with her much more controlled mage powers. This however doesn't solve her problem, as she and Eric snuggle on the deck outside their engagement party she realizes, as does he they are being watch from the woods, and too late, they've been infiltrated. What happens next reunites old characters with a strong sense of purpose, at a familiar backdrop they never thought they'd head back to. The food on campus hasn't changed, the coffee luckily is the same, and Eric reminds a co-ed of her dad....ut-oh! What else is up at Covenant College? Dig in for a great read.

Absolutely one of my favorite series. Zoe and Aric are an awesome couple and team. Amanda M. Lee is hands down one of my favorite authors. Her sense of humor makes me laugh (I'm sure people look at me sideways when I snigger while I'm reading) and I love her books! Can't wait for the next book to roll out.

I love love loved this book. Going back to Covenant College & having the characters from college in this story was great. I loved the return of Rafael and Brittany not to mention Zoe's two best friends. While this book had a bit of sadness in it, it had the hilarious dialogue that comes from Zoe & Aric's conversations not to mention their friends observations. I love the wittiness and sarcasm that is so prevalent in Amanda M. Lee's books. Looking forward to the last book of this trilogy.

Again, Amanda M. Lee has done a fantastic job of telling more of Zoe and Aric's story. Although they seem to always find trouble, they are there for each other through it all!!!

Ms. Lee has done it again, with a book full of suspense, great characters and quite a few plot twists. There are some new characters, but I am glad to say some old as well that have come back. Got it this morning via Kindle and devoured it, now I will have to wait until the next one comes out (of any of the series!)

Zoe and Aric are a great couple. Their friends keep adding up and coming back. I love Zoe's character. She's snarky, rude and hilarious. This book wasn't as action packed as the last one, but I didn't really miss that. Their interactions more than make up for it. I am looking forward to the next installment.

Amanda Lee is a really good author but whoever put the pages together so the story could be easily

followed really messed up! The first chapter was really bad. When you get the pages in order, I would love a copy and probably give it a higher rating.

Another great edition to the series. Love all the characters and Aric and Zoe's relationship. Can't wait for the wedding!
