Domestic Terrorism (At Issue (Hardcover))

Synopsis

What constitutes domestic terrorism? The answer is actually more complicated than most of us would think. Readers of this informative anthology will progress through a range of articles offering diverse viewpoints about the Patriot Act, the differences in perception of white Christian violent extremists and those of other races and religions, why some environmental and animal activists are considered terrorists, the growing problem of paper terrorism, and what can lead homegrown terrorists to lash out against a country that has given them so much opportunity.
