## Customer Reviews

as a gift to Tommy, fast shipping. the most professional service. recommend it to my friend. This is a wonderful product at an awesome price point. Out of the packaging, it was ready to use, with no sharpening required. No tearing, no pulling, easy to clean, and a nice grip.

This guide is very small and easy to carry. Because of the limited space, the book doesn't get into too much detail about anything, but gives a short description of all the big sites and gives a few restaurant suggestions. The map just gives a basic overview of the city. There are so many tiny streets that it would be impossible to fit them all into a pocketsized map. It helped us get a round about idea of our way around the city. The people in Sevilla are lovely and extremely helpful, so don't be shy about asking for directions. If you want a more detailed book go for the Lonely Planet guide to Andalucia.
