I love VC Andrews, have for years. She is a great writer, I have enjoyed several of her books. When my daughter, was a teenager, (16) I let her start reading some of the books, and now she is also hooked. We both buy her stories and then, exchange with each other, Most books end up in the resale pile, but we both agree our VC Andrew collection, stays between the two of us.

I couldn't put this down. I stayed up reading on my porch and before I knew it the sun was rising. This is a fantastic series.

Loved these books when I was a teenager..they are okay for a read as an adult, but there is a lot of boring pages to get through for the good parts. So these are taking me a bit longer to read now than they did back then. Either way, good stories.

Love the combination of both books in one. If you haven't, you need to start from the beginning and read this series. It's the best mystery/thriller series I've read in a long time. Her words and writing keep you hooked and wanting more!

The final two books of the Dollanganger/Foxworth Family series are contained in this one edition. Hated before it all to come to an end. As each book continues the storyline, more mysteries regarding the family hierarchy are disclosed. Wonderful series. Recommend older readers for these books due to nature of content.

I started the series @ the beginning & plan to read all the books in order.. I am excited!!!

I

The books arrived before expected. This is a really great series. I'm glad that I got it when I did because I'd just finished the previous book. Thanks so much!
