( ISBN 9780988168817 ) Help Your Child Succeed with Music Music theory knowledge is essential for your child's success. Doctor Mozart workbooks use the piano keyboard and colorful illustrations to explain basic music theory concepts. This will help your child succeed with any musical instrument, including piano, guitar, flute, violin, and voice. Doctor Mozart workbooks offer: Entertaining, colorful illustrations, which serve as memory aids. Clear, detailed explanations in short, simple sentences. Highly effective exercises to ensure that your child understands every topic. Experience with writing notes, clefs, and musical symbols by hand, for learning that is deep and enduring. Free videos on the DoctorMozart.com website to help your child get started with music theory. Ideal For Music Lessons and Home Schooling Because each topic is explained clearly and in detail, Doctor Mozart workbooks are easy to understand for children and parents alike. Hence they are ideal for home schooling. As well, Doctor Mozart workbooks are exceptionally helpful with formal music lessons, no matter what other teaching materials are used. They are also compatible with the Royal Conservatory of Music® Basic Rudiments program and the Music Teachers' Association of California Certificate of Merit®. Music Teachers Reviews "I have several of my 4 and 5 year olds using the Doctor Mozart Book. They are enjoying it immensely." D.L., AB. "Our Kindergarten and 1st graders especially love this book. I'm really impressed with how much they enjoy doing their theory work. If anything is going to get done during the week, it is their pages in Doctor Mozart." L.H., LA "I have been searching for a theory book which will enhance the piano student's lessons rather than bore them. The Doctor Mozart theory book is filled with everything for which I have been searching. The pages are colorful, and there are interesting, fun tips that help students retain information in

ways not found in the traditional theory books." J.K., Maple Grove, MN

## Customer Reviews

A great way for people of all ages to learn. It's a very broken down, easy to understand, and fun workbook that will have you and your young children learning how to read music and play the piano/keyboard/organ in no time! I paired the books with some Musical Mentor Piano Stickers to help out with playing songs until we have the keys fully memorized.

I'm so excited how quickly my 6 year old is catching on to music theory while studying Doctor Mozart . Lessons are very thorough and complete. perfectly paced for young ones just starting out with music theory. I bought the complete set of 7 books plus the answer book and plan to use it as my two boys music theory curriculum.

I'm using it with a 5 years old and a 7 years old. Is very easy to understand even for the 5 years old (this is the first time he is being exposed to music) Highly recommended

I bought this because my first grader asked to learn how to play piano, and I hoped this could get us started. There wasn't much out there by way of musical theory workbooks for kids, and I didn't know what to expect, but wow, does this one set the bar high! This book is fantastic. Its colorful, easy to follow, and my daughter is always eager to get to work on it. I'm even going to show it to her music

teacher at school.

My daughter wanted to learn piano and was getting frustrated that she couldn't read music. She loved doing this book and is almost ready to start book 2. Thanks!

Great to reinforce pricey private lessons.

This book is absolutely amazing.
