Customer Reviews

Sally Miller and Melissa Ricker have put together an inspiring and actionable guide to launching your own coaching service. I could not put this one down until I powered through every page, now I'm going back and re-reading each section, and making my life coaching launch plans. When I began reading this book, it was like Sally and Melissa had read my mind. Every little nagging fear or doubt was right there in black-and-white, along with encouragement and problem-solving tips I needed to overcome my self-imposed obstacles. It was transformative. If you are like me, a gal with a heart to help others and life experiences to share " buy this book!

Melissa Ricker and Sally Miller do a great job in this book, with a clearly laid out, step-by-step approach to making money as a coach. They really help you get clear on your vision as a coach and to define your niche, which is highly important in order to stand out in the sea of coaches that are out there. Most of all, they keep this book very practical and useful by laying out action steps at the end of each chapter, so you're not just absorbing the information, but already have a to do list laid out on what needs to get done to get you on your way to making money.

This book is helpful and practical on so many levels. With each turn of the page, I found myself more and more excited about the possibility of pursuing a career in life coaching. The authors take an overwhelming concept and explain it well, making the reader feel equipped and empowered to move forward. Action steps and free bonuses make this book even more valuable! If you have ever considered getting paid to be a life coach this book is for you!

This is a great little book if you have ever thought about being a coach. It is written by two coaches

who are not that far up the ladder so has all the insights into the initial things you should do from people who have just been there. It included things I would not have thought about like how to close a coaching sale, legal protection and questions to ask potential clients. It also included information on areas I was curious about like pricing. Well worth a read before investing any more time and effort into this potentially lucrative area.

This is a great little book for those interested in the field of coaching. Whether you're a new coach looking for an understanding of the business or an experienced coach interested in picking up a few tips, this is a worthwhile read.

The idea of life coaching has been in the back of my mind for a while but I felt overwhelmed by the idea of researching and delving into the ins and outs of what that all entails. This book is a great intro for the steps to becoming a coach and really inspired me to explore the possibility of becoming a coach myself. This book is great for anyone who has had the thought of coaching but no idea where to start.

Are you really good enough to be a coach, helping other people improve their lives? Do you know enough? And if you do, how do you find your first clients? In *Make Money As A Life Coach*, Sally Miller and Melissa Ricker take you firmly by the hand and walk you down the path to your first successes in your new life coaching career. Once you've read this book, you'll have a clear idea of why you are coaching, who you are coaching and what they will gain as a result. You'll have considered various types of coaches and chosen the 'type' that best suits what you want to do. Most importantly, your life coaching ambition won't just be a wish, it will be a Plan for your success. If you have ever thought you might want to be a life coach, or add this type of coaching to your other services (teaching, public speaking) or you have recently launched your life coaching business, but it isn't going as well as you'd hoped, this book presents the practical, sensible and do-able steps you need to take. If you are or want to be any other type of coach for adults, there's motivation and tips in this book that will help you as well. And, as in every one of Sally Miller's books (this is the real reason I buy, read and re-read everything she writes) you will find yourself grabbing pen and paper to record ideas that come to you as you read this book. It's just something magical about her writing - she has the ability to get your creative energies flowing! Several times while reading this book (and others in Ms. Miller's series for homepreneurs) I found myself jotting down ideas, facts, making connections about projects I'm working on in my business, seemingly unrelated to starting a

coaching business...or maybe she just has the talent to put readers - all readers - into the mental sweet spot for building their businesses, of any type. Which is why I think this book is required reading if you want to succeed in your own business.

Make Money As A Life Coach by Melissa Ricker and Sally Miller - Review This is a comprehensive manual and includes everything you need to know if you want to become a coach. The information is presented extremely well and as an A to Z guide. Each chapter includes action steps at the end. If you follow the advice in this book, you will definitely become a successful coach. However, if you read the book and don't act on the advice, you are unlikely to benefit. My favorite line in this book: "Clarity comes from action, and action drives results." In addition, Sally and Melissa also offer these three free bonuses:
• Downloadable workbook to help you follow the action steps in this book.
• Productivity eBook entitled How To Gain 2 Hours Back Each Day.
• Turn Your Dreams Into Goals eBook that will help you set powerful goals in your business and life.
Bottomline: if you are interested in starting a coaching business, read this book first. (Disclosure: I received a free review copy of this book from Sally Miller.)
