FAMILY LAW

William P. Statsky SIXTH EDITION

Synopsis

FAMILY LAW, sixth edition, provides a comprehensive introduction to modern family law for the paralegal, covering substantive and procedural law with a strong practical emphasis. In addition to fundamental principles of family law and nationwide legal practices, the book includes state-specific assignments to help you identify relevant laws and regulations in your area. Legal analysis exercises help you apply substantive law principles discussed in each chapter, while sample checklists, forms, documents, cases, and exhibits provide exposure to real-world tools and processes used by working professionals. New content for the sixth edition includes updated coverage of evolving legal issues such as same-sex marriage, adoption, fertility, stem cell research, material on legal ethics, and the role of technology in law.

Customer Reviews

"It is very comprehensive...this comprehensiveness is much appreciated and necessary due to the complexity and depth of the subject matter. The second strength of the textbook is that Statsky presents the material in a very logical sequence which enhances the natural learning process of the students. Often, as a professor, I either have to rearrange my material to follow the order of a textbook's chapters, or to better facilitate student learning, I sometimes will teach a chapter out of sequence because the material doesn't logically build on previous material. Neither rearranging my material nor teaching chapters out of sequence is necessary with Statsky's Family Law, 5th ed., textbook. The text unfolds in an orderly progression from basic to more complex material and covers various family law themes in a logical way. The third strength of the textbook is its emphasis on the

contractual aspects of marriage, dissolution, and other family law issues. Family law is fundamentally a type of contract law, and Statsky's textbook makes that very clear to students."

William Statsky is a member of both the ethics committee and the advisory council for the National Federation of Paralegal Associations, as well as an instructor of online courses at Thomas Edison State College in Trenton, New Jersey. He is the author of numerous groundbreaking legal textbooks for paralegals and was a member of the transition team for then President-Elect Ronald Reagan. Mr. Statsky holds a master of law degree (LL.M) in urban affairs, as well as a juris doctorate degree (J.D.).

The book is great and updated with the material it contains. It's a great starting point in understanding what Family Law is and how the law is applied to domestic relations. It offers a wealth of information covering the position of paralegals and attorney's as well. I especially appreciate the many references it provides for outside primary and secondary authorities. I recommend this material for anyone who is either interested in family law or is interested in becoming a professional in the area of law.

The Bible of Family law. It is gigantic! I was pleasantly surprised to get a hardback copy. It sure beats paying \$200+ for a copy at my college bookstore. Thank you!

Thank you, the book is great and was on time. (I'm getting an 'A' in my class).

Once again I bought another college book I needed at a fraction of the normal price. The book looked as though it had never been used. I've sent several students I know to to buy their college books.

It is always great to find textbooks that are required at reasonable prices. This item was as marked.

Needed it for school

Perfect thanks

good condition
