Imagination: The Redemptive Power In Man

Synopsis

For those who are familiar with Neville Goddard this book needs very little introduction. It is simply a book devoted to his core teaching, Imagination. I have compiled over 640 quotes from Neville's works into one volume on what imagination is and how to use it. If there is one secret above all other secrets on how to achieve anything we desire in life, it lies in one word . . Imagination. Within these pages I believe that you will find what you have been searching for.

Customer Reviews

i like reading neville goddard lectures everyday.i read two lectures everyday. but this book take quotes from his vast amount of lectures and put them all into one book. i read this book everyday. it's a summation of neville goddard quotes on imagination. its my favorite book. my second favorite is the slight edge by jeff olson

It's a great read. Because it was written many years ago, the style of writing is different than modern

day. Plus, it is so thought-provoking I am slowly taking my time reading this book. A true spiritual gem.

This book is more than a good read. It is a study, not to be rushed through. It takes you on a journey to the inner workings of creative mind. Once again David Allen has formatted Neville's teachings in a very digestible way. Much appreciation to Neville Goddard and David Allen.
