Classic

You perceive his love of the art and desire to see it blossom in others. I trained with Sasamori Sensei (his son) in Ona Ha Itto Ryu and you perceive the very same desire and love for Japanese swordsmanship. You also could the level of respect and love for his father. I am honored to have seen this and hope I can do the same for my sons!

Cheap but informative book on Kendo.

I actually lost this book before I could read it but it look good

good complex reading for beginners.

There are not too many good books out there on Kendo but to have this in any Kendoka's collection is a major score.

Outstanding book, both for advanced kendoists and beginners. Pay close attention to everything those two authors and masters kendoists have written and you'll not regret.

It is just a history book and has nothing to learn about. One can not learn from it as a martial art book
