## **Customer Reviews**

I used it with my 7th graders. It was a wonderful addition to our Social Studies unit on the Civil Rights Movement.

Using this book within my middle school classroom- works great to bring in the concept behind the movement. Full of details, images and history. Highly recommend it to anyone working with students.

was expecting a lot more of reading material on the subject, but overall a god book to read.

Excellent product.

fine

Everyone should read this regardless of color!!!!

Sucked
