Customer Reviews

Great book! There were a lot of things I did not know about her. She has been through a lot, but survived it all.

This woman's story was one of triumph, self-liberation and courage. I had the blessing of meeting this kind, old, revolutionary soul in my hometown a couple of weeks ago, and it had a similar effect as reading this book: A tremendous impact on how you look at the world of people around you and inspiration to be another fist that holds a candle to the oppression of the masses in this world.

Great book for my daughter who chose to do Angela Davis for a school project.

Nice book

great

Good book to have if your interested i her life before the movement began

Great book and would recommend to anyone who likes Davis or people like her

I bought it for my daughter who is named after Angela. Wish I'd picked a later book. I want her to understand why I, a die-hard, eight-month pregnant conservative white girl, in college, who actually voted for George Wallace, stood up and shouted "If I have a girl, I'm naming her Angela" the moment I saw Angela got arrested on that bogus charge while I was watching tv. That whole incident changed the course of my life. I want my daughter to have some pride for her name- she has been totally brainwashed by other sides of the family who consider Davis a traitor and a communist. The 2 do not go hand in hand!
