Customer Reviews

This book has opened up my eyes to a new way of eating and to a new community of others who support this way of eating. The recipes are easy and delicious. Great information, really good read. Great if you're just starting on a more healthy eating and lifestyle journey or if you're interested in tweaking an already healthy diet to gain more from eating than just getting full. Love this book. I would highly recommend this book to others! It also makes a great gift!
