Customer Reviews

Wow! Can't tell you how many times I have bought a recipe book only to discover that there aren't any recipes that I actually want to try. This book? OMG! I flagged 19 recipes that sound awesome and supportive of my ketogenic and very-little-time-for-cooking lifestyle. Don't know how I'm going to narrow down which ones to try first. The pictures are beautiful, and the recipes are simple and to the point. Highly recommend this book!

I was looking for easy meals for a family that sometimes has to eat in shifts when I stumbled across

this cookbook. I flipped through it and found that the instructions are simple, the pictures are helpful, and there is a huge variety of recipes. I tried the first of the recipes last night, and "Ropa Vieja" was a huge success. I can't wait to keep trying the recipes, especially knowing that I'm preparing healthy, wholesome food for my family-on-the-go.

Great book, easy to follow recipes

LOVE!!

Many interesting recipes, but not clear directions for most. I know these are dump meals, but cooking some of these ingredients for hours even at low will turn them into mush, particularly eggplant, mushrooms, and broccoli. Shrimp become rubbery and fish will fall apart.
