Remarkable Receptions: Conversations With Leading Wedding Professionals

Synopsis

Your wedding reception is like the first time you will be hosting a milestone celebration for your loved ones as husband and wife. There are no “do-overs” so you want to get as many insights as you can to assure your big day is unforgettable, successful, and most-of-all -- FUN! This book is for brides who want real-world advice about planning and having a wedding reception that is unforgettable, successful, and fun. The advice in this book is being given to you by in-the-trench DJ Entertainers and other Wedding Professionals from across the country, around the globe, and in your town. Conversations with many professionals, rather than just a perspective from one, will deliver a multitude of idea starters, and give you an edge for your own successful celebration. This is NOT the watered down, fluff information you’ll find in magazines or websites, written by “journalists”. These insights are uncensored and given to shed light on exactly what makes a remarkable wedding reception. You can look at the contributions from these leading wedding professionals for big ideas, inspirations, and themes. Some will share different, unexpected challenges they faced, and how they overcame them by thinking on their feet. This book is not meant to be biased in any way, but will simply report the facts and let you decide what is important for your day. This book is rare because here we will heavily detail one subject - the wedding reception. There are many other books out there that go over the subject in broad strokes, however in “Remarkable Receptions: Conversations with Leading Wedding Professionals”, we go deep. This is important because as many brides have found, the memories that last a lifetime are those linked to their reception! Before this series of books, there has never been a book created that shares as many ideas and perspectives from top professionals for your benefit. Enjoy this book, enjoy the journey toward your big day, and by all means -- Make it Remarkable!

As one of the contributing authors, I am very pleased with the overall content. For Brides and Grooms just starting on their wedding planning journey, this book has a lot of useful information. Written from the experienced perspective of seasoned entertainers and other wedding professionals, this book will give you valuable and useful information that you can apply to your own wedding plans. Experience is the best teacher and here you will find plenty of it, so that you can avoid many of the pitfalls that newly engage couples encounter.

It's a very easy to read book that gives you real information on how choose the right entertainer for your event. Even being in the wedding business for many years I have learned many things from this book. The more you read the more fascinating it gets. Highly recommended!
