Emily Windsnap And The Siren's Secret

Synopsis

Follow the siren call to Emily's magical new adventure! Can the spunky half-mer girl pass Neptune's test--and help humans and merpeople get along? (Ages 8-12) Emily Windsnap is finally enjoying a swimmingly peaceful life on Allpoints Island, hanging out with her mermaid BFF, Shona, and her new friend Aaron (half-merperson like herself). But their idyll is cut short when Emily learns that the Windsnaps and friends must return to their old home in Brightport, where construction projects are threatening a secret mermaid community under the sea.

Neptune's mandate? No less than an interspecies intervention to bring merpeople and humans together, a task the imperious god feels the mixed Windsnap family is well suited for. There are just a few snags for Emily, however, like dealing with old nemeses Mandy and Mr. Beeston, figuring out her feelings toward Aaron, and untangling a high-suspense mystery related to a group of legendary lost sirens. Everyone's favorite half-mermaid is back with a splash in a sparkling new adventure her fans will be eager to get their fins on.

Customer Reviews

My daughter and I loved listening to this on car rides to school. Sometimes she would beg me to sit in the driveway until we got to a stopping point. It's not too intense for an empathetic 8-year-old, and I really enjoyed it (so much, that I listened ahead without her knowing)! My only complaint is that Finty Williams changed some of the voices from that last few Emily Windsnap books. Millie and Emily's dad did not sound the same.

my daughter loves this series!

granddaughter loved it

Ok I didn't know it would be great but it was! The book was very adventuresome but a little romantic still awesome

a must read for any fan of the original Emily Windsnap trilogy. This book managed to wrap up the loose ends I felt that was left up in the original three books like her mothers feelings of mermaid school vs human school, The family duty to Neptune to bring humans and Mer folk closer together and Emily on and off again friend ship with Mandy from her old town Bridgeport. in this book Emily's best friend's family and school is in danger due to Bridgeport's development plans. Neptune has ordered Emily and others back to Bridgeport to do what they can to avoid evacuation plans and bring the two worlds closer together. A event made a little easier with Emily and her new half mer boy friend has the power to over turn Neptune's curses when together. Emily's plans to find the missing sirens results in her best friend being trapped with the singing mermaids in a curse cave and Mandy and all of Bridgeport remembering every mermaid sighting that happened over the years. Especially the battle with the Kraken in book 2. One of the most best surprises in the book was Liz wrapping up the series loose end of Emily having never met her grandparents because of Neptune's spell to try to separate Emily parents before she was born.
