## Customer Reviews

Great Book

this is an awesome book one that you must read

i like the other david allen compilations like "the power of I am" volume one, "imagination the redemptive power in man" and "assumptions harden into facts" but i did not get much out of this book. those quotes on faith didn't resonate with me as much as the quotes on the books previously mentioned

As with all books by David Allen, this is a must have for your collection.

awful!

This book is amazing a must read for and student of metaphysics ! Faith is the key to understanding your world !
