Customer Reviews

A. W. Tozer died in 1963, but his life and spiritual legacy continue to draw many into a deeper knowledge of God. During his lifetime, Tozer pastored several Christian and Missionary Alliance churches. Missions and the deeper life in Christ were his primary focus. He also served as editor of the Alliance Life. Tozer authored more than 40 books, (at least two of which are considered classics: The Pursuit of God and Knowledge of the Holy), a tremendous accomplishment for a man who never received a formal theological education. The presence of God was his classroom, his notebooks and tools consisted of prayer, God's Word, and the writings of early Christians and theologians, the Puritans, and great men of faith. - Publisher. --This text refers to an out of print or unavailable edition of this title.

Beautiful book; beautifully written. A.W. Tozer is a master. Unreservedly recommended

The picture associated to the ad is absolutely a FALSE representation. The book looked nothing at all like the picture. I have another Tozer book that is bound as this picture appears so I was excited to have another for my library that was bound the same. It is a shame that people cannot be honest.

Especially considering this is a Christian author. Who would misrepresent that? I suppose this seller. I am glad to have an original and would have been fine with what I got, which is in a bit more tattered condition than pictured, but it would have been nice if the seller could have been upfront.

If you think this is just another dull old religious book, you are mistaken. When I first read the introduction by William Culbertson that called Mr. Tozer a prophet, it peaked my curiosity. Was he ever right! In order to reach the next level of our walk with Christ, you HAVE to be led by the Holy Spirit. Sadly, I did not know him very well. This book can teach you who HE is, and how to be led by the Companion that already lives within us. To know Christ better, you MUST read this book.

this book as all of A.W. Tozer's books have given such great insight

great read for a mature Christian. His writings are not only deep but very convicting at times. I think that unless you are a mature Christian this book may insult some when they are convicted by this man's words. Just my opinion.

As the sequel (well, prequel---I guess) to the "The Pursuit of God," this book had high expectations to meet. Comparing one to the other is, however, like comparing apples to oranges. This book has its own nuggets (which I won't share---I don't want to spoil anything!) and is special in its own way. This is a natural follow up (or prequel?) to "The Pursuit of God." If you read one, you ought to read the other.

Fantastic read

Happy with overall experience
