Black God

Synopsis

Have you ever heard that Christ was Black? What about the Buddha? They weren't alone. Many of the world's first deities and divinities, both male and female, were originally depicted as Black. That means dark skin, woolly hair, broad nose, and the kind of personality that made the world pay attention. In this book, historian Supreme Understanding explores the many Black gods of the ancient world, from Africa to the Near East, to Europe, to India, to China, to Japan, to Australia, all the way to the Black Gods of the Americas. Who were they? How did they come to be worshiped? And what does this mean for us today?

Customer Reviews

I read this book and it absolutely blew my mind. It opened my eyes to what God truly is and why history was rewritten the way it was. There's some heavy research that was involved in writing a book like this but Supreme Understanding took that scholarship and condensed it in a way that the reader could digest easily. No matter what type of religious text you have in your household, this is a book that needs to be right next to it. This book shows our heavy influence throughout history and

why that rich history has been hidden. That is until now. Cop this book and spread the word. Thanks Supreme.

African History exposed. Very interesting, and a book every student of history should read.

Superb Reference Book, The History of Kushite, Kemetic or Ethiops is from the beginning of Time and trying to deceive with only slavery is Insanity on their part.

Great best yet on the topic of. Black Gods! give ten plus if I could this topic is for to hush in the world knowledge is also justice when it come to truth.

Great historical perspective and information most people will never know.

This resource text is an eye opening journey into the historical account of humankinds creation and engagement with spirituality and beginnings of spirituality in the world. A must read for both scholars and laymen/women of all avenues of intellectual inquiry. Yanza

great research on the Black origins of all god concepts.

Straight facts.
