AN TOP 20 BESTSELLER AND USA TODAY "MUST READ" She was my foster sister, her luxurious house the only home I'd ever known. I fell in love with Evie before her doctor parents signed my adoption papers. They threw me out the day they caught us. Now I'm Dr. Jones, so far removed from who I used to be, it seems like a bad dream. I tell myself nothing can touch me. Until I see the residency roster at Alpine University Hospital. Customer Reviews

Amazing story. It starts off as a good YA story and I just love first loves/high school romances. There is a misunderstanding as 17 year old Landon gets placed in a foster home where they thought he would be a 7 year old kid. You get to read about how Evie and Landon fall for each other and how Landon slowly starts to confide in her about his life. It totally brings you back to those days

as a teenager when you are so consumed by someone and you are sneaking off to be with them. The two of them just found their way into a part of my heart. When they reconnect years later, they are adults with the same attraction they once had only more secrets. As I am finding with Ella James books, there is always a twist and the whole story slowly gets revealed to the reader with just the right timing and suspense. I want more books of these two.

Some things are just meant to be. And some hearts can be broken again and again and still keep loving. I adored everything about this story: Evie & Landon's forbidden teen love, their undying devotion, their steamy chemistry, and their fierce fight for each other. Few romances bring me to tears, but there were several times reading this that my heart broke for them and my eyes blurred while reading. Ella James' writing gets better and better, and she is among my top go-to authors for new adult romance!!

Amazing story, he came to her home when he was 17 as a foster boy, but when her parents kicked him out they never spoke again until they ended up same hospital now as surgeons. Heartbreaking, beautiful emotional wonderful amazing read. Just loved it.

This was a heartbreaking but beautiful love story. I loved Evie and Landon and what they went through when they were apart was heartwrenching, but true love prevails. I could have done without a lot of the medical jargon, but all in all, good story.

Loved it! Highly recommend! :)
