Drunvalo has a lot of great information. It is easy to read. I finished it within a couple of days.

If you have read Drunvalo Melchizedek's other work specifically The Ancient Secret of the Flower of Life Vol. I and II, you will definately LOVE this. Especially if you are seeking to view that kind of information and how it relates to these times we are now living at the end of the great cycle, on Dec. 21st 2012. If you think you know everything about 2012 and the Mayan Prophecies, think again! This book is sure to shed light on the truth behind the full Mayan Prophecy, there is much that is now being told my the Maya themselves. They are ready to speak, are you willing to listen?

This book is very informative and a wonderful eye opener and conscious-awakening experience! This book is packed with knowledge that has been hidden away for way too long! It's about time we have access to it. If you are interested in what happened to the Mayan peoples then this is a book you will definitely want to read. Drunvalo Melchizedek is a wonderful author, teacher, spiritual advisor, and is filled with so much in terms of the spiritual realms and the direction those of us on earth are headed. I highly recommend this book!

There is so much to cover. The poles will shift soon and it is our responsibly to assist in the transformation from the 3rd to 4th dimension (density) you are the chosen one you have been waiting for. Answer the call. AWAKEN!

Everything in this book I have already heard or read. But after reading this book I felt a great calm about ascending. I have subscribed to the online magazine 'Spirit of Maat' which is available for free nowadays. I have read and re-read all of Drunvalo's books. I have watched every video in which he speaks. I am sad that I am unable to attend his 'Awakening the Illuminated Heart' workshops. I wish he had something online that would mirror these workshops and help those of us who want to ascend with what we need to do. This man is kind and lives from his heart, a good example to all of us. He has had a remarkable life experience and is a wonderful spiritual teacher. I would heartily recommend that you follow your heart and read this book and all of his books. You won't be sorry. I would also recommend that you do his heart meditation. It is very powerful and rewarding. P.S. Well, I am re-reading this book and the energy is amazing. I would suggest re-reading it to all of you, and even a third read or more. This is the total picture of ascension from the ancient past to now. Lots of

little tidbits along the way that are new news. This total picture make you realize the wonder of creation, the part Drunvalo is playing in it, and you finally start seeing the truth of creation, our lives, our past lives, and our connection to all that is. This is a real awakening with a lot of depth and feeling from the heart. I am totally amazed at how my thinking is changing with the re-reading of this book. It was good before but now a transformation is taking place. My mind is opening to remembering, like I'm living it. This book has layers of knowledge in it. The re-reading helps uncover that knowledge. Enjoy!!!

I recommend this book to any longing to know man's origins, purpose, and future evolution. It helps to read *The Serpent of Light* first, also by Drumvalo. He teaches living in respect of Earth, practices & ceremony of indigenous people, & explains living from the heart. Finding our own way to our heart brings unity consciousness, leaves polarity behind, & spirals humanity to a new way of being. He gives hope for Earth & humanity to evolve to new balance, peace & joy.

Drunvalo Melchizedek is a very intelligent being with sought after information about the earth and the cycles we are living in right now. He has given us more information for these specific times and explains it in a way that we can all understand. These times would be frightening without his incite into what is happening to us and the earth at this time. Thank you, Drunvalo Melchizedek.

This latest book by Drunvalo gives further detail on experiences he has had with native peoples worldwide and the knowledge they are now willing to share with us as we go through this unique time in the universe and our earth's evolution. I believe it is always better to be prepared and forewarned and the Mayan Ouroboros does just that. Drunvalo explains how the crop circles have been deciphered with the warning that we have some challenging times ahead of us during the next 3 years but he also tells us that the answer to our survival lies in the heart.
