## Customer Reviews

I've always been interested in drawing fantasy characters I feel this book has helped with the male body and various poses.

This book was perfect for me. I was always stuck with shading my drawings, but now my drawings look real! I learned so much, and had fun along the way. This book was an amazing, step by step drawing tool.

This is a really great book for the beginning artist. It covers a lot of information on how to start

drawing the male figure in a very easy and basic instruction method. It is enjoyable and informative and I would most definitely recommend this to everyone.

Its got basic techniques and good ideas for basic warriors but lacks definite structure of warriors physique and musculature structure, however I enjoyed the cross hatching ideas and composition
