

Synopsis

The fruit of evolutionary beliefs (abortion, promiscuity, drugs, homosexuality, etc.) is promoted at the expense of traditional values. And the logical extensions of scientific evolutionism (cosmic consciousness, occultism, New Age thinking) have taken an unwary and uneducated public (and church) by storm. Christians and Christian churches everywhere are embracing evolution as God's method of creation as they rush to endorse, accommodate, and adopt ungodly practices and thought to their own detriment. God's people everywhere need to be called back to the truth before it is too late. Others have written on such subjects before, but Caryl Matrisciana and Roger Oakland add a new dimension. Their persistent sleuthing has uncovered many a connection between the occult and evolution that were previously undetected. Truly there is an evolutionary conspiracy, and it can no longer be ignored by God's people. (From the Foreword by John D. Morris, Ph.D.)

This is an excellent book regarding the lie of evolution and what has taken place in our world as a result. By teaching the lie of evolution in the educational systems the atheists have accomplished their purpose and fulfilled God's prophecies regarding the last days prior to Christ's second coming. The exponents of this lie admit that macro evolution is an impossibility and their reason for promoting this lie is because of their hatred for God. By ridding society of the God who is there, they have also gotten rid of accountability and absolutes. Relativism is where we are today and now we live in a world where everyone does what is right in their own eyes. Judges 21:25. We live in a world today where there is no right or wrong but whatever one feels is right. We can have opposite views but both be right! Doesn't this make sense?! That's what happens when people rid their thoughts of God, they turn into fools. Isaiah 5:20 warns about this - "Woe to those who call evil good, and good evil; who put darkness for light, and light for darkness; who put bitter for sweet, and sweet for bitter!" V. 21 "Woe to those who are wise in their own eyes, and prudent in their own sight!" We now live in a world where we murder our children and call it abortion, we murder whoever else for whatever reason we deem ok and call it euthanasia, We marry the same sex and call it an alternative life style. All of these actions are in direct contradiction to the clear teaching God's Word. This is what has happened as a result of this teaching, we live in an immoral cesspool. God's Word tells us that prior to Christ's second coming the world will be as it was in the days of Noah & Lot. Luke 17:26-30. These people aren't ridding themselves of God, they are fulfilling God's end time prophecies! Just by declaring unbelief in God doesn't alter the fact of the truth that God is and is in full control. Daniel 4:35 - "All the inhabitants of the earth are reputed as nothing; He does according to His will in the army of heaven and among the inhabitants of the earth, no one can restrain His hand, or say to Him, what have You done?" God is in control and one day soon He will intervene and it will be the beginning of the end and these false teachers will be eternally doomed. I Corinthians 2:8 tells us regarding the crucifixion of Christ - "Which none of the rulers of this age knew; for had they known, they would not have crucified the Lord of Glory." These proponents of evolution have no idea of the fact that they are actually fulfilling God's prophecies regarding them and their agenda, as taught in the Book that they hate so much, and are the recipients of God's wrath brought upon themselves by their own hand! Professing themselves to be wise, they became fools! Romans 1:22. I highly recommend this book by Caryl Matrisciana and Roger Oakland - Bob Jones - Canada

In the twenty-five years since the first edition the evolution conspiracy has only become more obvious. The authors focus on the religious nature of evolution above scientific flaws, nevertheless arguments prove powerful. Open contradiction and confession from palaeontologists on the absence of Darwin's predicted transitional fossils, Darwin and Charles Lyell's private conspiracy to drip-feed assaults on the Bible from the shadows [“slow and silent side attacks”, and major "missing-link" animal-kind transitions are highlighted. The great power (“machine” behind evolutionary models foisted upon school students [~up to USD620B p.a.] and the public at large dwarf tax subsidies Christian churches receive [~up to USD71B p.a.]. Government and “philanthropic” museums, popular media, brazenly humanist education groups, public schooling, and the law are all well-oiled cogs. An occult connection is touched on with Darwin having received the twenty-first Scottish Rite Masonic degree. There are also the ubiquitous masonic titles of Grand Canyon landmarks. This is at a perfect level for learning how to recognise this conspiracy in everyday life, while not necessarily needing a scientific background.

Good book, but it seemed like there was a lot of filler material. And it's not quite what I expected. It could have been much better. I'm just not really into apologetics books anymore but I had to check this one out.

Amazing book!

So many people accept what they are told and they never research both sides of the issue. This is a good book to start with.

I'm disappointed in this book. If you've ever heard the author speak - she rambles and takes forever to make even a mundane point - that's how the book is. She is not including any earth-shattering information. If you care enough to buy this book chances are you are already smart enough to have written it. She seems like a wonderful, knowledgeable Christian lady but the content of this book doesn't live up to its title.

The book tells the truth about the evolution cult. Evolution is a pagan religion pretending to be science. It is amazing how in an allegedly critical age people are still being duped by it.

Pure paranoiac conspiracy at its finest. Yes, I'm sure Mrs. Caryl has an extensive background in science. Oh wait, she has no qualifications whatsoever, yet she feels she knows much better than the hundreds of thousands of geologists and biologists who spend decades researching and doing actual science. Idiots like this simply cross their arms and say, "Nuh-uh!" and then proceed to quote some Bible verses. Sure, millions of scientists across diverse fields, the media, the museums, the textbook manufacturers, and the school boards are all just in a big ol' conspiracy to kick the lawd and savior Jesus Christ out of America because they all worship Satan or something. Bravo, Caryl, you blew the lid off it. The Pulitzer people should be calling any day now. Them, or the men in white coats. They've got a nice padded room set up for you, where you won't have to worry about that scary old Satan getting to you.
